Mother! Your child isn't naturally d peevish. See if tongue is this is a sure sign its little liver and bowels need a

coated; this is a sure sign and cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sope, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ilis; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

tle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

Calls on State Clergy to "Act as Oracles in the Cause of Liberty."

Governor Marcus H. Holcomb or Tuesday issued a proclamation desig-nating Sunday, Oct. 21, as Second Liberty Loan Sunday and calling upon the clergy of Connecticut to "act as ora-cles in the cause of liberty" by urging the members of their congregations to subscribe to the second Liberty loan. The governor says that "both enlightened self-interest and patriotic emotion give sanction to this call," in-assmuch as investment in Liberty loan bands gives "the greatest terminates". bonds gives "the greatest promise of stability and safety," and the investor "is furnishing to our brave soldiers and to those of our loyal allies that support, moral and material, which every lover of his country and of mankind should at this hour desire to give." All the clergymen of the state are asked to read the proclamation to their audiences on Second Liberty

Loan Sunday.

The governor's proclamation follows:
Since the world entered upon its
period of trayail and our country became a sharer in its agonies I have repeatedly calle dupon the clergy of Connecticut—an dnever in vain—to act as oracles in the cause of liberty by giving utterances from their pulpits on the needs of the hour. Once more does stern necessity require me to make this call.

The people of the United States of America have been singularly blessed throughout the years. The Giver of all Good Gifts has endowed them with wealth and resources such as never have been bestowed upon any other people in all recorded history. For the second time within four months we are called upon to make a loan of our substance to our common government. Both enlightened self-interest and patriotic emotion give sanction to this call. In these troublous times, when financial systems are tottering, empires crumbling, and the very moral order of civilization is threatened with order of civilization is threatened with chaos, the one form of investment which gives the greatest promise of stability and safety is the written obligation of our federal government to pay a specified sum of money at a definite future date. In addition to this security, the purchaser of a Libert ybond is furnishing to our brave soldiers and to those of our loyal allies that isupport moral and material, which every lever of his country and of mankind should at this hour desire to give.
